Stroolmount

An INTRODUCTION

Stroolmount

Stroolmount is a family run business with many years of experience in the furniture industry. We are the sole agent and distributor for Wagner Systems, which manufacture the award winning Quickclick glide system.

After extensive research we found that many manufacturers are unaware of the range of products that can help prevent damage to owners' floors and available solutions for manoeuvering large items around the home, e.g. wardrobes, sofas, dining suites, etc.

We make a BIG difference with small products to reduce stress and damage to flooring and furniture. We understand the challenges our customers have to overcome to keep their clients happy, which is why we are 100% committed to supplying the very best products and accessories for protecting your furniture and flooring.

They say it is the little things that really make a difference. It's the impact and positive effect this contribution can make that makes us experts in our field. We're very proud of consistently achieving these results for furniture and flooring manufacturers and retail industries. We look forward to bringing that experience to you too.

Stroolmount prides itself on providing excellent customer service. If you find yourself with any questions or queries please feel free to contact us, we are more than happy to help.

Best regards

Gill Finch

Managing Director.

> "They made it their priority to find a working solution for our customers. As a result we have been able to help our customers which has enabled us to add value to our business and service."

Self-Adhesive FELTS

Self-adhesive felt has always been a short term solution, we have a series of protectors guarding the floor against scratches caused by furniture. It's a quick, easy and a cost effective solution. Pick a suitable style and install in seconds, making sure that the floor and furniture surfaces are clean to ensure the finish is not being damaged by particles.

Stroolmount provide a high quality felt with a strong adhesive. We offer 5mm thickness specifically designed for use with furniture. Other thickness & sizes available upon request.

Also available are large commercial self-adhesive felt rolls in various sizes, ideal for companies who want to protect themselves against expensive damage claims, whilst providing excellent customer service.

Companies using this product have saved thousands of pounds over the years.

Quick CLICK

The award winning Quickclick furniture and floor protection system is a multi-functional glide solution and is the first of its kind in the UK that has an interchangeable and replacement base suitable for carpets, wood and tiled floors. There is also an anti-slip option.

Application is quick and easy and once installed provides long-term floor protection and up to 75% noise and furniture joint stress reduction keeping wear and tear to a minimum.

This high quality innovative system, produced by Wagners, has won awards throughout Europe including the Red Dot award.

The Quickclick system is now available in a display box for retail (6pc dining set) and bulk for manufacturers. Sizes range from 17mm dia to 50mm and are available in 'Individual Packets', 'Dining Sets' or in 'Bulk' (= 25 sets of 4) and are easy to fit.

Size ranges from 17mm to 50mm diameters.

Move it

"Moving wardrobes has never been easier! Great product, so simple and easy to use."

Move it pads are a simple furniture moving aid that work on most types of flooring surfaces. They allow easy and efficient rearranging of large items of furniture without the associated health and safety pitfalls.

This innovative product is a temporary solution that takes away the struggle of manoeuvering heavy furniture, by allowing one person to move weighty pieces, such as wardrobes, office furniture, or sideboards with little effort. We have designed a self-adhesive felt attachment especially for delicate surfaces giving added protection. This also works on anti-slip vinyls.

Ideal for the retail sector we have many high street stores using the Move it pads in store to enable their staff to safely and easily rearrange product displays and products for optimum customer presentation.

Also we've found that once your customers have seen you using them they will want some for themselves, which is why we have designed a retail display box.

Using the Move it pads not only prevents physical injury but also saves stress on your furniture – **everyone should own a set!**

Dark Wood

Light Wood

Plastic

Radiator Pipe ROSETTES

Our pipe covers are available in both hardwood and plastic with colours to complement your floor choice.

Wood pipe covers come in 2 halves with a unique jigsaw design that allows them to click together.

Plastic pipe covers are supplied with a single ring with a laser incision for easy installation. These solid collars clip neatly around radiator pipes and are fantastic for hiding the essential expansion gap that must be left when fitting wood or laminate floors.

Each pack contains 2 pieces.
Standard size 15mm diameter.

44mm Dia

60mm Dia

"Delighted with the castor cups. I bought several packs as we have just laid new wooden floors upstairs and needed to protect it from castors and the legs of heavy furniture."

Castor
CUPS

Castor cups are used to prevent damage caused by castor wheels on flooring. They can also be used with chair or table feet while reducing marks, scratches and indentations to your flooring. 4 pieces per pack
2 sizes available 60mm & 44mm with felt bases.

Wobble
WEDGES

Wobble Wedges are tough and durable and are a great solution for fixing shaky tables on carpeting, uneven concrete, wood or tiled floors.

Use Wobble Wedge to stabilize wobbly restaurant tables and furniture.Their rubber-like texture creates a firm grip on slick floors and also reduces rattling sounds by absorbing vibration.

Safety
DOORSTOP

This handy doorstop is great for homes, offices, restaurants, schools and tradesmen. This amazing simple device allows no movement in either direction, unlike traditional wedge doorstops.

BENEFITS

- ✔ Easy to install and removed by hand
- ✔ Simple slide technique
- ✔ Suitable for all types of surfaces
- ✔ Remains in position until removed
